

# ENVIROGRAF® PRODUCT 20

## METER CUPBOARD FIRE PROTECTION SYSTEM

### DESCRIPTION

The Envirograf® meter cupboard protection consists of a two-coat intumescent paint for use inside the cupboard, intumescent seals for the cupboard door, a tubular extinguisher unit fixed above the electrical installation, and cable seals for use where the cables pass through the cabinet.

### USE

Utilise in situations where fire can occur in meter cupboards and service cupboards, particularly exterior meter and service cupboards on the walls of houses and apartments that are vulnerable to arson attacks. The Envirograf® system stops the fire from entering the building, whether the cupboard is surface-mounted or recessed into the wall.

### PERFORMANCE

Tested to BS476 Part 22 (1987) and EN1364-1 (1999).
