

ENVIROGRAF® PRODUCT 61

INTUMESCENT STOPPER

DESCRIPTION

A thick paste intumescent stopper, grey in colour (colour may vary), expands by 10%-20% its volume in a fire. Supplied in 1 litre, 2½ litre, and 5 litre tubs.

USE

Ideal for filling in small holes or cracks and can be used to face up Envirograf® Product 44 (PVE/A foam). Intumescent stopper is also used to fill cracks in ceilings and walls before Envirograf® Product 84 (S/Paper) is applied. Applied by trowel or spatula. When dry, it becomes hard like cement and it can be painted over.

PERFORMANCE

This product has been used in conjunction with PVE/A foam in a fire resistance test employing the general procedures and criteria of BS476 Part 22 (1987), achieving an integrity of 130 minutes.
