

ENVIROGRAF® PRODUCT 63

INTUMESCENT CEMENT FILLER

DESCRIPTION

A buff coloured ready-mixed intumescent cement filler that sets hard, like normal cement, but it does not crack. In a fire, it will expand to five times its original volume.

USE

Ideal for applying around pipes, services, and behind door frames, especially steel door frames. It is also used as a facing top coat over Envirograf® Product 44 (PVE/A foam).

PERFORMANCE

This product has been used in conjunction with PVE/A foam around cables and pipes, in a fire resistance test employing the general procedures and criteria of BS476 Part 22 (1987), achieving an integrity of 130 minutes.
