

ENVIROGRAF® PRODUCT 66

3-2-1 FIRE RETARDANT LIQUIDS

DESCRIPTION

Envirograf® 3-2-1 and 3-2-1W products are aqueous, odourless, flame-retardant liquids.

USE

For use on many absorbent materials including canvas, cardboard, clothing, curtains, carpets, dust sheets, polyurethane furniture, polystyrene, tents, upholstery, wallpaper, and even some nylon materials. Can be used on living and artificial Christmas trees.

3-2-1 liquid is clear, and items treated with it can be dry cleaned.

3-2-1W liquid is clear, and items treated with it can be washed for about 8-10 washes before re-treatment.

PERFORMANCE

3-2-1 and 3-2-1W have undergone stringent test procedures. Before specifying, please refer to the data sheet. Tested to BS5852 Parts 2 & 14 (1982) Cribs, Class 0/1, BSBS4790 (1987), BS5665 (1989), BS5852 (1990), BS5867 Part 2 (1980), EN597-1 (1995), BS5438 (1988), BS7175 (1989), BS6807 (1989), BS7177 (1989), BS6809 (1989). Not harmful to children or adults. CAA-approved. For Christmas trees, the tree must be in earth or sand and watered daily.
