

# ENVIROGRAF® PRODUCT 93

## STABOND STABILISING BONDING/SEALING LIQUID

### DESCRIPTION

A bonding and sealing liquid for ceilings and walls, to seal old flaky plaster or new plaster.

### USE

For the sealing of ceilings and walls that are distempered, emulsioned, or porous. Good for sealing prior to application of Envirograf® Product 92 (clear coating), Envirograf® Product 96 (textured coating), or Envirograf® Product 105 (EP/CP paint for plasterboard). See data sheet for use with Envirograf® Product 84 (intumescent paper).
